COVID-19 Plandemic

Here's the problem, we are testing people for any strain of a Coronavirus. Not specifically for COVID-19. There are no reliable tests for a specific COVID-19 virus. There are no reliable agencies or media outlets for reporting numbers of actual COVID-19 virus cases. This needs to be addressed first and foremost. Every action and reaction to COVID-19 is based on totally flawed data and we simply can not make accurate assessments.  
This is why you're hearing ...

**EVIDENCE**  
That the pandemic was planned...

- In 2015 Rothchild patented a test kit for COVID-19
- In 2017 and 2018 hundreds of millions of COVID-19 test kits were distributed worldwide
- Lyrics of a 2013 song called "Pandemic" said: "2020 Coronavirus. Bodies stacking"
- In 2010 a scenario about the pandemic was written, saying the goal was to create new levels of global control
- In 2018 Fauci guaranteed a surprise outbreak to occur within two years
- In 2018 a video showed a global pandemic starting in China, in the area of Wuhan
- Two months before the outbreak Bill Gates organized a 'coronavirus pandemic exercise'

**‘We Are Vaxxed’, an anti-vaccine page with over 170k followers, posted two viral videos last week which has received almost 800k combined views and thousands of shares across HUNDREDS of Facebook groups. One of the videos falsely claims that Bill Gates has patented a microchip through which he will 'punish' people who don't take a vaccine. Links below. The group shares vaccine misinformation daily.**

**22k+ members, top of the page the admin is encouraging users to sign a petition to hold Bill Gates accountable for 'crimes against humanity' - the article is rated red by NewsGuard (truly a fake news site), it claims that Gates has a “god-like willingness to experiment with the lives of lesser humans” - “Vaccines, for Bill Gates, are a strategic philanthropy that feed his many vaccine-related businesses (including Microsoft’s ambition to control a global vac ID enterprise) and give him dictatorial control over global health policy—the spear tip of corporate neo-imperialism”**

This is a 16k+ member UK QAnon group that describes itself as “a group that has been awakened to the eroding of our human rights and civil liberties by a Cabal who want a totalitarian police state.” The group promotes the conspiracy theory that COVID-19 is a hoax. The top post calls it a ‘scamdemic’ and shares a false claim. Facebook even awards the user a ‘rising star’ tag.

There is not an MP in the House who is not aware that the COVID19 "pandemic" is a fake, that the deaths stats were falsified and the "second wave" is also a fake being created by false stats based on testing that is known to be wildly inaccurate and misleading.

If you know it, I know it and millions of our fellow citizens know it ,then it is inconceivable that they too do not know it.

Therefore, any MP who does not speak out against it and stir themselves to protect their constituents from this immensely destructive fraud and who does not vote to rescind the Coronavirus Bill that was itself justified by a fraud IS a **knowing enemy of the people.**

So I am thinking of erecting a name-and-shame website called "Enemies of the People" in which every such MP is listed as an enemy of the people, whilst those who do their freaking jobs and carry out their freaking duty will be listed as "Friends of the People".

People will able to register their support for the site and anyone will be able to notify their MP that they are listed as an "Enemy of the People" (or vice versa for the good guys) on a website supported by so many thousand people.

With enough support we can make it so no MP will want to be listed as an Enemy of the People on a popular website for obvious PR and credibility reasons.

MPs can then be told of specific actions/behaviour they must undertake to get themselves reclassified by us as a friend of the people.

Success of the idea would depend upon active and moral support from enough people giving the site a thumbs-up and infoing me of the name of their MP and why they should be nominated as a Friend or a Foe.

Maybe there could even be a poll where people nominate three choices for People's Enemy of the Year (BJ, MH and Patrick Vallance would get my vote but each of you could nominate three evil cretins of their own choosing).

This will take a bit of work but I'm willing to invest effort in it if people will get behind it and maybe help promote the concept a little bit.

I know that a FB friend, Lindsay Caplan, has already checked out the concept on Twitter and got good feedback (thanks Lindsay!) so please do give me your feedback and share/forward this if you like the idea.

Personally I've had enough of seeing my country betrayed by self-serving scum so this is maybe a way we can apply some pressure and let them know we SEE them. And twist their ruddy arms a little bit.

**One of the documents in the groups's 'Files' section states "So does the virus (Covid-19/Corona Virus) even exist? Based on the research and what they media is making it out to be, the short answer is no. It is not a dangerous pandemic. It is coordinated effort by a few very rich & corrupt people to seize world control. "**

**The document also includes sections on "How Vaccines can make you Deathly Sick" and "Why are wearing masks actually bad for you"**
